PROTECTIVE COVENANTS, CONDITIONS AND RESTRICTIONS
FOR THE
LYNCHPIN INDUSTRIAL CENTER

WHEREAS, the City of Lynchburg Industrial Development Authority, hereinafter referred to as "LIDA" is the owner of the Lynchpin Industrial Center, as more particularly described on Exhibit A attached hereto and made a part hereof, and hereinafter referred to as the "Center" and

WHEREAS, LIDA intends to sell and/or lease parcels of land in the Center for industrial use,

NOW, THEREFORE, LIDA hereby declares and provides that each and every parcel of the Center shall be conveyed subject to the following conditions, covenants and restrictions which shall run with the land to insure proper use and appropriate development of each building site and the grounds thereof; to protect the environment and aesthetics in the Center; to ensure all and required LIDA approvals; and in general to provide for a high quality of development so that each building site will not adversely affect the health or safety of residents or workers in the area nor be detrimental to the use or development of other properties in the Center, and

FURTHER, that a copy of this covenant shall be recorded in the Clerk's Office of the City of Lynchburg, Virginia, and shall be binding upon and running with the land including each and every parcel whether sold or leased and by reference made a part of each and every deed, option, lease or other grant of any interest in and to any parcel thereof as a part of the terms thereof.

A. The City of Lynchburg or LIDA shall be responsible for the construction of the public street, and the extension of water and sewer lines to the property line of each parcel at no cost to the industry.

B. DEFINITIONS

Definition of Terms:

1. "Building Site" shall mean any contiguous plot of land located within the Center. The size and dimensions of each individual Building Site shall be established by the legal description in the original conveyance from LIDA to the first fee owner of said plot of land, other than LIDA. A Building Site may also be established by LIDA by an instrument in writing, executed, acknowledged, and recorded by LIDA, which designates a plot of land as a Building Site for purposes of these covenants. If two or more Building Sites, as defined hereinabove, are acquired by the same owner in fee, such commonly owned Building Sites may, at the

option of said owner, be combined and treated as a single Building Site for purposes of the Covenants contained herein.

2. "Frito-Lay" shall mean Frito-Lay, Inc., a Delaware corporation, and its successors and assigns, which is the contract purchaser pursuant to the Real Estate Purchase Agreement dated May 2, 1996 between LIDA and Frito-Lay of that particular Building Site described on Exhibit B attached hereto and made a part hereto.
3. "Improvements" shall mean and include but not be limited to buildings, parking areas, loading areas, fences, walls, hedges, landscaping, mass plantings, poles, signs, screening, if any, and any structures of any type or kind.
4. "Owner" shall mean the party or parties owning fee title to a Building Site; provided, however, that an Owner may, upon written notice to LIDA, assign all or part of his rights but not his duties hereunder to Owner's tenant.
5. "Property used in common" shall mean and refer to those areas of the property devoted to the common use and enjoyment of the owners of all Building Sites, including, but not limited to, median strips located in streets, islands in cul-de-sacs, entrance to park, and drainage areas.

C. Building Codes

1. All construction within the Center shall comply with the applicable portions of local, state or federal codes, including but not limited to, building codes and life safety codes.

D. Approval of Plans

1. Except as set forth below, no Improvements, signs, outdoor lighting, fences, walls, or public utility structures shall be erected, placed, or altered on any Building Site until the building or other improvement plans, specifications and plot plan showing the location of such Improvements on the particular Building Site have been submitted to and approved in writing by LIDA as to conformity and harmony and as to location of the Improvements on the Building Site giving due regard to the anticipated use thereof as same may affect adjoining structures, uses and operations, and as to location of the Improvements with respect to topography, grade and finished ground elevation.
2. By adoption of this Resolution by LIDA, LIDA expressly approves the plans and specifications of Frito-Lay for the Improvements, outdoor lighting, walks and public utility structures to be located on its Building Site, including the proposed rail side track, the location of all utilities and the landscaping plan, which plans

have been submitted to LIDA for its review. To the extent, if any, of any inconsistency between the approved plans and specifications of Frito-Lay and this Resolution, LIDA expressly waives the restrictions contained herein.

3. No billboards or advertising signs other than those identifying the name, business, and products of the person or firm occupying the premises shall be permitted, except that a sign offering the premises for sale or lease may be permitted. No signs which have an intermitting beam or rotating beam shall be permitted. No signs shall be erected or altered without the written prior approval of LIDA. All signs must be approved pursuant to the applicable portion of the City of Lynchburg Zoning Ordinance.
4. Outside storage shall be confined to locations and screening thereof as approved in writing by LIDA. All outdoor storage shall be screened with fencing or vegetation as approved by LIDA.
5. Site lighting and security lighting shall be designed to prevent spillover light beyond the property lines of a Building Site. Failure to correct lighting problems shall be cause for LIDA to undertake the required improvements at the expense of the Owner thereof. Failure to reimburse LIDA for such expenses shall be cause for a lien against the Building Site by LIDA.
6. Landscaping shall be required in a form and manner acceptable to, and according to plans approved in writing by LIDA. All limits of site development contiguous to or across the street from residential zoned property shall have buffering in accordance with applicable zoning requirements. Where applicable, the buffer shall be located at the top of an embankment or at a point which will offer the best screening advantage between industrial improvements and residential properties. All embankments shall be seeded and maintained in accordance with the City of Lynchburg's erosion and sedimentation control standards.

E. Procedure for site development plan review

1. Three copies of all required site development plans shall be submitted to LIDA, which shall have up to fourteen days to review the plans and to notify the applicant of the action taken with respect to the plan, which may include approval, approval subject to conditions, or disapproval. In case of conditional approval, the applicant shall make the necessary changes and submit three copies of the revised site plan for approval.
2. An approved site development plan shall expire and be null and void unless a building permit for the construction of substantial elements of the site plan has been issued within a period of one year after approval.

3. If it becomes necessary for an approved site development plan to be changed, such change may be made with the approval of the LIDA.
- F. Required site plan development plan content. Site development plans should include the following:
1. All items required by the City of Lynchburg land use and development regulations in effect on the date of submission of documents. The date of submission should be the date of receipt by LIDA.
 2. All items required herein. The more restrictive of any conflicting requirements shall govern. All submittals shall identify the requirements herein by keynote or other appropriate means, clearly explained within the submitted documentation.
- G. Yard Requirements and Uses
- The minimum front yard set back shall be one hundred feet. Rear yard and side yard set backs shall be no less than twenty-five feet, unless otherwise specified in the subdivision plat of the Center, which shall be controlling.
- H. Parking Requirements
1. An Owner shall not use any of the Building Site within the minimum front yard setback for the parking of any trucks, equipment, or the storage of any material whatsoever. Automobile parking within any yard setback shall be permitted. Other employee parking shall be to the side or rear of industrial building(s). Notwithstanding the foregoing, the parking requirements set forth in this paragraph shall not apply to Frito-Lay.
 2. Each Owner shall provide paved off-street parking for all employees, clients, visitors and service vehicles.
 3. No parking, loading, or unloading shall be permitted on any public road right-of-way.
- I. Building Requirements
1. No temporary buildings, travel trailers, mobile homes, or storage facilities shall be stored on a Building Site except such buildings, trailers, homes or facilities which may be necessary during construction periods but then only for the periods during which actual construction is being pursued. All roof-mounted HVAC equipment which can be viewed from a public right-of-way shall be screened to

the satisfaction of LIDA. Notwithstanding the foregoing, the preceding sentence shall not apply to Frito-Lay.

J. Sale or Lease Arrangements

1. Sales or leases of property in the Center shall be in accordance with requirements of the Code of Virginia.
2. Resubdivision of parcels in the Center shall not be permitted.
3. (a) In the event the grantee of a Building Site, his heirs, successors or assigns, fails to commence construction within one year from the date of purchase, LIDA shall have the unqualified right or option, but not the obligation, in its sole discretion, to repurchase the Building Site at the original sales price. Except for the Frito-Lay Building Site, LIDA shall retain the right to repurchase at any time upon 15 days notice by registered letter, at the original sales price, the Building Site for an additional 12 months. If the grantee, his heirs, successors or assigns has failed to commence construction within the 2-year period and LIDA has not claimed the repurchase option, the grantee shall have the right to sell or transfer the Building Site to a third party; subject to all the covenants, conditions and restrictions set forth herein.
- (b) The term "commence construction" shall mean that the planned improvement is under contract for construction by a duly licensed contractor which contract shall have a fixed completion date, commensurate with the type and size of project and a commencement of work date of not less than six months from the date of said contract, and shall be secured by a payment and performance bond satisfactory to LIDA which shall include LIDA as a named obligee.
4. (a) Should the grantee of any parcel of unimproved land in the Center desire or intend to sell or transfer said parcel within 2 years of the contract sale date, LIDA shall have the right of first refusal to purchase the same at the original sales price. In such instances the grantee shall notify LIDA by registered letter of its desire or intent to sell.
- (b) In the event LIDA does not exercise its right of first refusal as provided above within forty-five days from receipt of said third-party offer, the grantee shall have the right to sell or transfer the Building Site to a third-party subject to all the covenants, conditions and restrictions set forth herein.

5. In the event LIDA exercises its option to purchase or repurchase, as the case may be, the conveyance to LIDA shall be by general warranty deed free of encumbrances. Encumbrances to the property shall be grounds for a reduction in repurchase price if said encumbrances devalue the property.

K. Maintenance and Operation

1. All grass, trees and shrubbery shall be kept in good appearance at all times. Replacement of trees and shrubbery shall be done where such items have died or have been severely damaged. All grass and weeds shall be cut and shrubbery trimmed as necessary to maintain a neat appearance. If these conditions are not maintained satisfactorily to LIDA, LIDA may serve written notice upon the Owner of such property or his agent and if not complied with within two weeks, LIDA may correct the conditions and bill the Owner for LIDA's actual cost of correcting same.

2. Site storm drainage maintenance shall be performed by the each Owner.

3. All uses permitted in the City of Lynchburg's I-3 Industrial District (copy attached) shall be allowed, except the following primary uses:

Armories

Automobile and truck rental

Automobile, truck and trailer sales with outside sales and storage permitted

Billboards

Building material sales and storage (outside an enclosed structure)

Contractor and construction shops and yards

Cork products (manufacturing) (outside an enclosed structure)

Lumberyards and sawmills

Motor freight terminals, except when in direct support of a manufacturer or distributor located in the Center

Rope, fibrous (manufacturing) (outside an enclosed structure)

Rubber products manufacturing

Sanitary or solid waste management facility, private establishment of a new facility

Travel trailer sales and rental

Modular and mobile homes sales and manufacturing

Any use which produces or may produce odors, fumes, noxious emissions or particulates that could travel onto, over, or across any other Building Site, provided, however, that no odors or fumes associated with the normal operation of Frito-Lay's facility shall be subject to this provision.

L. Applicability

1. The right is hereby expressly reserved by LIDA to waive, modify, alter or amend all or any part of these covenants, conditions and restrictions from time to time as circumstances justify, subject to the written concurrence of Frito-Lay for so long as Frito-Lay owns a Building Site.
2. The enforcement of the restrictions and covenants contained within this Resolution shall be by proceedings at law or in equity against any person or persons violating or attempting to violate any covenant, condition or restriction, either to restrain violation or to recover damages. Such proceedings may be commenced by any Owner or Owners or by LIDA.
3. Invalidation of any one of these restrictions contained within these covenants, by judgment or court order, shall in no way affect any of the other provisions hereof which shall remain in full force and effect.
4. LIDA's approval of any building plans, specifications, site or landscape plans or elevations or any other approvals or consents given by LIDA pursuant hereto or otherwise, shall not be deemed a warranty, representation or covenant that such buildings, improvements, landscaping or other action taken pursuant thereto or in reliance thereon whether by LIDA or anyone else complies with, or is not in violation of any applicable laws, rules or regulations, the sole responsibility for all of same being upon the Owner and LIDA is hereby expressly released and relieved of any and all liability in connection therewith.
5. These protective covenants, conditions and restrictions shall be in full force and effect immediately upon adoption by LIDA. It shall be in effect for a period of twenty years and shall be automatically renewable for successive periods of ten years each thereafter unless and until otherwise terminated by LIDA or its successor as provided herein.

6. All approvals or consents required to be given under this Resolution shall not be unreasonably withheld or delayed.

INDUSTRIAL DEVELOPMENT AUTHORITY
OF THE CITY OF LYNCHBURG, VIRGINIA

By W. E. Hunt, Jr.
Its Secretary/Treasurer

STATE OF VIRGINIA,

CITY OF LYNCHBURG, to-wit:

The foregoing instrument was acknowledged before me by William E. Hunt, Jr., in his capacity as Secretary/Treasurer of the INDUSTRIAL DEVELOPMENT AUTHORITY OF THE CITY OF LYNCHBURG, VIRGINIA, this 27th day of November, 1996.

Cynthia S. Rash
Notary Public

My commission expires June 30, 1997.
