Murrieta, CA

Murrieta is a city in southwestern Riverside County, California, United States. The population of Murrieta was 103,466 at the 2010 census. Murrieta experienced a 133.7% population increase between 2000 and 2010, according to the most recent census, making Murrieta one of the fastest-growing cities in the state. This population boom in 2010 surpassed the population of the historically larger and more commercial city of Temecula to the south for the first time since the incorporation of either city.

Temecula and Murrieta together form the southwestern anchor of the Inland Empire region. Largely residential in character, Murrieta is typically characterized as a commuter town, with many of its residents commuting to jobs in San Diego County, Orange County, Los Angeles County, Temecula, and Camp Pendleton.

The city of Murrieta is situated just 100 miles outside of Los Angeles and is well loved by residents for its gorgeous surrounding vineyards and idyllic scenery. Not just known for its grapes, the area around the city is said to be some of the most picturesque in the region, and for anyone who likes to get outdoors then this is not to be missed.
